Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with applicant's attorney, Ms. Suzin Bailey, on 17-NOV-2006.

In claim 30, line 2, "29" has been substituted by -- 28 --.

Allowable Subject Matter

Claims 14-25, 28, and 30-32 are allowed.

The following is an examiner's statement of reasons for allowance: Applicant's argument filed 06-NOV-2006 is persuasive. With respect to claim 28, the examiner notes that the phrase "said fastening elements and said components being configured..." has been interpreted as being substantially equivalent to the argued limitation requiring "loosely constrained" since this is essentially how applicant argued the allowability of claim 28 (see paper filed 06-NOV-2006, pgs. 11-13).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
